

East Hampton
CONSERVATORS
Together we can preserve East Hampton.

January 12, 2012

Dear Neighbor,

Your contribution to our Annual Appeal is crucial to the continued success of East Hampton Conservators in 2012.

Your support last year allowed us to play a major role in electing two pro-environment and quality of life candidates to the Town Board in November's elections. But with the pro-development forces still in the majority, we will continue to have an uphill fight.

Protecting East Hampton, its history and culture, and maintaining high property values will be more important this year than ever before.

The Planning Department budget has been slashed for 2012 and the Natural Resources Department is under fire. A Nature Preserve on the Napeague stretch is also being threatened.

Your support today of our 2012 Agenda will allow us to fight year round to control development, protect the environment and pure drinking water, preserve open space and our historic heritage, and maintain our quality of life.

Our role to educate the public and hold the Town Board accountable through town-wide mailings, newspaper advertising, and email is crucial again this year. High on our 2012 Agenda are supporting the Planning process, enforcing the Comprehensive Plan, reinvigorating the Community Preservation Fund, and conserving the Atlantic Double Dunes and our beaches.

Our 2012 Annual Appeal is your opportunity to support our important work in the coming year.

Thank you for your generous support in the past. Please join me today in continuing support of East Hampton Conservators. Together we can preserve East Hampton.

Sincerely,

Alec Baldwin

P.S. Our Annual Appeal is our most important fundraising effort of the year. Please continue your generous support *today*.
